

Job Opening (Postdoc Positions)

The Institute of Mathematics at University of Valladolid (Spain) has two 24-month opening Postdoc Positions starting in February 2021. The positions are part of the research project "INVESTMENT IN CLEAN TECHNOLOGIES AND ENVIRONMENTAL POLICIES: MATHEMATICAL MODELING AND ANALYSIS IN A DYNAMIC GAMES FRAMEWORK" funded by the Junta de Castilla y León and by the EU FEDER (European Regional Development Fund, ERDF). For more information about the project or the postdoc positions please contact Javier de Frutos at frutos@mac.uva.es or Guiomar Martín-Herrán at guiomar@eco.uva.es

We are looking for applicants with good background in numerical mathematics, and/or economics, in particular some experience on one of the following topics will be welcome: control theory, differential games, dynamic optimization, PDEs, or environmental management and economic growth.

The official job announcement will be available at https://sede.uva.es/opencms/opencms/es/Tablones/Tablon_de_Anuncios/INVESTIGACION/

See also <http://hermite.uva.es/frutos> or <http://www.eco.uva.es/guiomar/>

Please note that the application submission period will be very short.

Those interested in the positions please contact Javier de Frutos or Guiomar Martín-Herrán as soon as possible.
